Sultan Chand & Sons

SULTAN CHAND & SONS®

Publishers Of Standard Educational Textbooks

In ancient Indian knowledge system, end of education was supposed to be the character building, that is why the main theme of the ancient Centres of Higher Education and Universities was not only to impart knowledge and information but, to make good human-beings. Inspired by such lofty ideas Sultan Chand & Sons is serving the nation. Sultan Chand & Sons established in 1950, is striving to uphold the legacy of academic excellence and achieving goals set by our Founder and visionaries. Sultan Chand & Sons is committed to impacting high quality education by making reasonably priced but more valuable reader-friendly textbooks authored by Indian teachers.

In the present scenario when the ratio of teacher and taught have increased, the role of textbook came in imparting knowledge. The textbook plays the role of a bridge between the teacher and the taught. On one side, the teacher inspires and develops inquisitiveness about the subject, within the student and on the other side, a textbook supports and provides confidence and faith in the subject. It is with these combined efforts that there is the dawn of knowledge about the subject.

The books published by us provide more reading material, solved illustrations, case studies, multiple choice questions and exercises with answers; in well presented topics in a lucid style.

The Authors of Sultan Chand & Sons are from reputed Indian Universities and understand the requirements of the students and teachers alike. Some of the titles are more than seventy years old and have been carefully and systematically revised from time-to-time to meet the changing educational requirements of the country.

Sultan Chand & Sons have more then 1,300 publications authored by more than 300 highly talented scholars. We express our gratitude to all our associates and well-wishers for their support.
