Preface

We feel pleased to place before the esteemed readers the Sixteenth Revised and Enlarged Edition of our book “*Financial Management – Principles & Practice*”. The continued heart-warming response given by the readers to each new edition of the book is really a matter of great satisfaction and privilege for us.

The Sixteenth Edition, besides maintaining the *PLUS* features of the Fifteenth edition of the book, viz., lucid presentation, tailor made approach, comprehensive text with plenty of illustrative material, etc., has several additional welcome features. These include the following:

- The book covers all the more comprehensively the course-content requirements of the students preparing for M.Com, MBA, CA, CS, CMA and other professional examinations.
- The subject matter in several chapters has been considerably strengthened and updated.
- Incorporates recent developments in the Tax Structure as per Finance Act, 2023 in Chapter – 2 (Section E): “Tax Implications and Financial Planning”, in the book.
- Since the publication of the last edition, certain new legislations have been enacted viz., Companies (Amendment) Acts, 2019 and 2020, and the Finance Act, 2023. Necessary changes in the text have been made due to these enactments at appropriate places in the book.
- The working of the financial institutions has been updated, alongwith incorporation of the brief details of two new financial institutions in Chapter – 3 (Section D): “Sources of Finance” of the book.
- A list of Recent Mergers has been incorporated in Chapter – 6 (Section E) “Corporate Restructuring” of the book.
- The classification of public sector enterprises as *Maharatnas*, *Navratnas* and *Miniratnas* has been updated in the Chapter 10 (Section E): “Financial Management in Public Sector Enterprises”.
- The Questions and problems from the recent University and professional Examinations have been incorporated in the relevant chapters of the book.
- The book contains 526 – Illustrations & Examples; 644 – Essay type & Objective type questions; 356 – Practical problems; 170 – Advanced Solved & Unsolved problems.
- All efforts have been made to see that the book is without any misprint.
- The examination-oriented approach of the book has been further sharpened and enhanced.

We are confident that with all these changes, additions and adaptations, the students will find the revised edition of the book all the more useful and rewarding for them.

Constructive and helpful suggestions for improvement in the book will be gratefully acknowledged.

About the Book

The book provides a comprehensive coverage of the course-content requirements of the students appearing for the paper *Financial Management* at the MBA and M.Com. Examinations of different Indian Universities and those of Professional Institutions. The book has been divided into SEVEN Sections. Each Section covers a different aspect of *Financial Management* with the subject divided into chapters covering different topics in a systematic, convenient and concise manner. The last TWO Sections: Section F and Section G comprising of Advanced Solved Problems and Advanced Unsolved Problems, respectively, make the study of the subject all the more informative, interesting and exhaustive.

The unique feature of this book lies in its simple and systematic presentation of theory, which would enable the students to solve practical problems with ease. The other main strengths of this book are: plentiful illustrative examples and end-of-the-chapter exercises with short answers.

New in the Sixteenth Edition

- Incorporates latest relevant provisions of different legislations viz. The Companies Act 2013, The Finance Act, 2018: Industrial Development Regulation Act, 1951 etc., having a bearing on Financial Management of an organization.
- Updates the details regarding working of different financial institutions providing finance to various sectors of economy.
- Explains recent measures taken by the Securities Exchange Board of India (SEBI) and financial institutions including Reserve Bank of India for strengthening the financial sector.
- Adds questions, problems and cases from recent university and professional examinations.
